

Way of Life!

VITARA

TIME TO PLAY

Projects, milestones, targets – adult life is full of responsibilities. But beyond meetings and schedules a deeper force lies within all of us: the inner child, ready to come out and play! Tickle it every day – with exciting design and cutting-edge technologies. Discover the Suzuki Vitara.

HIGHLY EFFICIENT POWERTRAIN

1 New 1.4 BOOSTERJET engine **1**

The new, more compact 1.4 BOOSTERJET direct-injection turbo engine enhances the torqueful driving of the Vitara. The intercooled turbocharger forces pressurised air into the cylinders and enables the engine to maximise torque in the low engine rev range, even at 2500rpm. Moreover, the wastegate valve controls turbo boost pressure by opening or closing the gate, dramatically quickening response and lowering fuel consumption. The direct-injection system further enhances fuel efficiency by optimizing control of the amount, timing and pressure of injected fuel in direct fuel injection. In addition, a short port intake manifold and exhaust manifold integrated with cylinder head allow for a light, compact engine design and faster acceleration.

2 6-speed automatic transmission **2**

With enlarged gear ratio widths for all gears, the 6-speed automatic transmission offers excellent acceleration, even from standing starts, and enhances fuel economy in high-speed cruising. An integrated cooler heightens automatic transmission fluid cooling performance, further contributing to enhanced fuel efficiency.

3 Paddle shift **3**

Gear changes can be made quickly and easily using the paddle shifts installed behind the steering wheel, making driving enjoyable and sporty like with a manual transmission.

STRONGER. BOLDER. STYLED FOR ALL ADVENTURES

Get ready for an appearance beaming with strength and energy. Characterised by the Vitara's bold styling, stealing the spotlight wherever you go. Charge your drive with a vigorous outer impression – and elevate your senses with the inner refinement of a full-grown SUV.

EXPRESSIVE EXTERIOR

LED headlamps **1**

Bright LED headlamps are used to conserve energy on low-beam. The blue-coloured projector creates a cool impression.

Suzuki's traditional SUV motifs **3**

The essence of Suzuki's design, such as the bold 5-element grille, strong front bumper finished off with stylish chrome accents bring a sleek, modern look to the Vitara.

LED daytime running lamps and fog lamps **2**

The uniquely designed DRL's (Daytime Running Lamps) feature vertically placed LED's. Fog lamps that are essential for good road visibility in poor weather conditions are also provided.

New wheel design **4**

17-inch polished alloy wheels

SUPERIOR INTERIOR

Premium feel cabin space **1**

Getting into the Vitarā is like entering a refined world full of high-quality materials. Offering a space where you find every button, switch and dial in its natural place. Enjoy an interior that you are never quite ready to leave.

New soft pad instrument panel **2**

Internal soft pad on the upper instrument panel ensures a premium feel to the cabin space.

7" touchscreen display **3**

The audio incorporates a touch-panel display that is as intuitive as a smartphone. Connect your smartphone via Bluetooth® or USB cable to use smartphone applications through the display, which is also equipped with radio and rear-view camera.

New 4.2" multi-information colour LCD display **4**

An advanced multi-information 4.2-inch colour LCD display occupies the centre of the meter cluster to inform the driver with accurate and reliable data on vehicle behaviour and operation. The dynamic display visually illustrates a wide range of features such as engine output and torque, and accelerator and brake use, among others. With a wide variety of options to choose from, your ride is never going to be short of fun again.

New geometric pattern seats **5**

Stylish suede designed front and rear seats ensure maximum support and comfort for both driver and passengers.

New clock design **6**

Embedded into the dashboard, the clock adds a modern and sophisticated touch to the driver's space.

PERFECT COMFORT

Rear-view camera

The display can show the view captured by the rear-view camera, helping to enhance rear-view visibility when moving the vehicle in reverse.

Front and rear parking sensors

Ultrasonic sensors in the bumpers detect obstacles and issue audio-visual warnings that the driver can see on the multi-information display and hear as a warning sound alert.

STATE-OF-THE-ART CONNECTIVITY

Google Maps operated with Android Auto.

Apple CarPlay

MirrorLink

7" infotainment system with smartphone connectivity

A 7-inch touchscreen display enables intuitive operation of multimedia features including audio, hands-free phone and smartphone integration. Features can be selected from the four main operating modes—Listen, Call, Drive and Connect. The Smartphone Linkage Display Audio works with Apple CarPlay and MirrorLink™.* By connecting your compatible iPhone via USB, Apple CarPlay allows you to make phone calls, access your music, send and receive messages, and get directions all by voice command or a tap on the audio display. MirrorLink™ lets various applications on your smartphone appear on the vehicle's touchscreen display, allowing you to access your smartphone's features.

Multifunctional steering wheel

The user-friendly multifunctional steering wheel gives the driver full control. Within easy reach, radio and Bluetooth® connectivity for smartphone can be controlled. The drive support function for adaptive cruise control is also integrated to ensure maximum comfort and security.

PLENTY OF SAFETY

Rigid TECT body frame

The Vitara's body design centres on Suzuki's TECT concept, resulting in a structure that efficiently absorbs and disperses the energy in the event of a collision.

7 Airbags

Driving performance is complemented by protective safety features, including standard SRS airbags for the driver and front passenger, front SRS side air bags that reduce impact to the chest in side collisions, SRS curtain airbags that reduce impact to the head, and SRS Knee airbags for the driver that reduce impact to the lower legs.

ESP®

Should the wheels lose traction, the Electronic Stability Programme ESP®* automatically adjusts the engine and brakes to help keep the driver in control.

*Apple CarPlay is available in the countries listed at the following link: <http://www.apple.com/ios/feature-availability/#applecarplay-applecarplay> *For more details including iPhone models compatible with Apple CarPlay, see: <http://www.apple.com/ios/carplay/> *Apple, Apple CarPlay and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries. *MirrorLink™ is compatible with the smartphones listed at the following link: <https://cert.mirrorlink.com/ProductListing/> *MirrorLink™ is a registered trademark of the Car Connectivity Consortium LLC.

*ESP® is a registered trademark of Daimler AG.

EVERYDAY FUNCTIONALITY

Generous luggage space **1**

With its wide boot opening, low loading height and impressive loadspace of 710 litres when both rear passenger seats are folded,* the Vitara makes sure that it is easy to get everything in that you need.

Automatic air conditioning **2**

Easily adjustable settings ensure that you can always get the interior temperature right.

Panoramic sunroof **3**

An easy-to-use, fully retractable sunroof to bring in light and fresh air from the outside.

Front centre armrest **4**

The front centre armrest can be slid into the optimal position and also incorporates a console box for storage.

*Measurement method of the German Association of the Automotive Industry.

*.Bluetooth is a registered trademark of Bluetooth SIG, Inc.

**ESP is a registered trademark of Daimler AG.

The ESP is designed to help keep the vehicle under control. However, the degree of engine torque reduction, the wheels that brake and their braking force vary according to the driving conditions. ESP is essentially a system to assist stable driving. In the case of slippage or skidding that exceeds the limits of grip between tyres and road surface, ESP will still function but may not be effective.

***without Lane Departure Prevention and Traffic Sign Recognition functions.

Major Specifications

Number of doors		5-door
Engine		Petrol
		1.4L BOOSTERJET
Drive system		2WD
